## CONTENTS

|                                                                                                                         |    |
|-------------------------------------------------------------------------------------------------------------------------|----|
| <b>Ying Ge</b> , A note on $\aleph_0$ - spaces .....                                                                    | 1  |
| <b>Zhaowen Li and Ying Ge</b> , A question on images of metric spaces.....                                              | 5  |
| <b>M.A.Pathan</b> , The Multivariable Voigt Functions and their representations.....                                    | 9  |
| <b>Peter V. Danchev</b> , Torsion-Complete Primary components in Modular Abelian<br>Group Rings over Certain Rings..... | 17 |
| <b>George Boros, Víctor H. Moll</b> , A summation method due to Carr: Part 1.....                                       | 21 |
