

Seán M. Stewart	
On some improper integrals containing products between the tails of Maclaurin series for the sine and cosine functions.....	1
M.L. Glasser	
A four-parameter integral identity and a few consequences.....	9
Weymar Astaiza, Alexander J. Barrios, Henry Chimal-Dzul, Stephan Ramon Garcia, Jaaziel Lopez de la Luz, Victor H. Moll, Yunied Puig, and Diego Villamizar	
Symmetric tensor powers of graphs	13
Robert Reynolds	
Derivation of some definite integrals	37
Robert Reynolds	
A note on the Hurwitz-Lerch zeta function.....	139
Rimer Zurita	
Generalization of the Laplace Transform of Powers of the sinc function.....	171
